

Final Conference

High Level Event

Meeting – Agenda

Details

Time: 23 SEPTEMBER 2025 – FROM 9:30 TO 14:30 (CET)

Location: The MIX

Registration link: <https://www.eventbrite.co.uk/e/accelerating-renewable-heating-and-cooling-for-a-decarbonised-europe-tickets-1333755762389?aff=oddtcreator>

Organiser: EHPA

Event Description

Accelerating Renewable Heating and Cooling for a Decarbonised Europe

Join us for the final event of the REDI4HEAT project, where policymakers, industry leaders, energy experts, and local authorities will come together to explore the transformative outcomes of the project. This event will showcase key findings and recommendations designed to support the implementation of the Renewable Energy Directive (RED) provisions on heating and cooling, driving the transition towards a decarbonised energy sector in Europe.

Highlights will include the unveiling of the different activities developed during the project life and the main results produced, such as Strategic Policy Priorities for Heating and Cooling, Policy Adoption Scenarios, best practices, and practical toolboxes developed to empower public authorities at all levels. Participants will gain access to the Knowledge Sharing Centre and insights into capacity-building activities conducted in the project's target Member States.

This interactive conference will also focus on the replication potential of the REDI4HEAT initiative, offering opportunities for non-participating Member States to integrate project outcomes into their energy transition strategies.

Two different panel discussions will bring us to deep dive into what has been achieved until now, in terms of decarbonisation of the heating and cooling sector, and what still need to be done.

Don't miss this chance to be part of shaping a sustainable and renewable heating and cooling future for Europe.

Time	Organisation	Presentation name	Duration	Speakers' suggestion
9:30	ALL	Registration & Welcome coffee	30 min	
10:00	EHPA	Welcome and introduction to the event	5 min	Francesca Tamburrini - EHPA
10:05	European Commission	Keynote Speech on RED - goals and achievements	10 min	Matthieu Ballu – DG ENER
10:15	CRES	The Role of Energy Technologies in Decarbonising Heating & Cooling	10 min	Dimitrios Kardomateas, President of Centre for Renewable Energy Sources and Savings
10:25	Project coordinator	The REDI4Heat project: goals and main achievements	15 min	Rosie Christodoulaki - CRES
10:40	Projects partner	The REDI4Heat tools and capacity building events and recommendation. Our results	15 min	Silvia Remedios – ADENE
10:55	LIFE Project external speaker (ODYSSEE-MURE)	EU energy efficiency trends in the residential sector	15 min	Bruno Lapillonne , Estelle Payan, Marie Rousselot – ENERDATA
11:10	Coffee Break			
11:30	External speakers (around 4)	Panel discussion “Renewable heating: Has the European Clean Energy Deal delivered”	45 min + 5 min break	Marta Navarrete - Iberdrola Francesco Robimarga or Board Member – REHVA Duncan Gibb – Regulatory Assistance Project Edwige Porcheyre – Enerplan + moderator Sanjeev Kumar - EGECE

12:20	External Speakers (around 4)	Panel discussion “Shaping the future: how do EU policy actions impact the energy landscape?”	45 min	Davide Sabbadin - EEB Acting Policy Manager for Climate Allison Le Corre – EU Covenant of Mayors Tzeni Varfi – SmartEn Emmanuil Varouhakis – EAB member + moderator Leopoldo Micó - EHPA
13:05	EAB member	Best Practices on Renewable Energy for heating and cooling	10 min	Stefanos Pallantzias - Hellenic Institute of Passive Buildings, EAB member
13:15	CRES & EHPA	Closing remarks	5 min	
13:20	Networking lunch			
14:30	End of the event
